

WHAT DO PLANTS NEED TO GROW?

Garden plants need four things to grow. Can you guess what they are? Take a look at the pictures below. Fill in the blank spaces with the letters to spell out the words and check your answers at the bottom of the page.

KEEP OUT OF MY GARDEN!

Farmers must protect their crops from pests like bugs and bunnies. This garden has a fence around it, but the farmer has left the gates open. Find your way through the garden to close the front and back gates before the critters get in!

ANSWERS: 1-sun, 2-water, 3-air, 4-soil
